

Johnson Controls International plc announces cash tender offer for up to \$4,000,000,000 of its ordinary shares

May 03, 2019

CORK, Ireland, May 3, 2019 /PRNewswire/ -- Johnson Controls International plc ("JCI") (NYSE: JCI) announces that it has commenced a cash tender offer to purchase up to \$4,000,000,000 of its ordinary shares. The complete terms of the offer are set forth in the Offer to Purchase dated today and the related Letter of Transmittal.

JCI is conducting the offer by means of a procedure commonly called a "modified Dutch auction." This procedure allows shareholders to select the price, within a price range specified by JCI, and the number of shares they are willing to sell at that price (or, should a higher price be determined as the "purchase price," such higher price). JCI is offering to purchase its ordinary shares for cash for an aggregate purchase price up to \$4,000,000,000, at a single per-share purchase price not greater than \$40.00 and not less than \$36.00, to the tendering shareholder in cash, less any applicable withholding taxes and without interest, on the terms and subject to the conditions described in the Offer to Purchase and the Letter of Transmittal. JCI intends to fund the purchase of the shares with the proceeds from the sale of its Power Solutions business, which was completed on April 30, 2019.

The offer will expire on the expiration date, which is 11:59 p.m., New York City time, on May 31, 2019, unless extended by JCI. Promptly after the expiration date, JCI will, on the terms and subject to the conditions described in the Offer to Purchase, determine the single per-share purchase price that JCI will pay, subject to "odd lot" priority, proration and conditional tender provisions, for shares properly tendered at or below the purchase price in the offer and not properly withdrawn, and accepted for payment, taking into account the number of shares tendered pursuant to the offer and the prices specified, or deemed specified, by the tendering shareholders. The offer is not conditioned on the receipt of financing or any minimum value of shares being tendered. The offer is, however, subject to other conditions. JCI may extend or amend the offer in its sole discretion, subject to applicable law. If the offer is extended, JCI will delay the acceptance of any shares that have been tendered. JCI can also terminate the offer under certain circumstances as set forth in the Offer to Purchase.

The purchase price will be the lowest price per share (in increments of \$0.25) of not greater than \$40.00 and not less than \$36.00 per share, at which shares have been properly tendered, or deemed properly tendered, and not properly withdrawn, that will enable JCI to purchase the maximum number of shares having an aggregate purchase price not exceeding \$4,000,000,000 (or, if the offer is not fully subscribed, all shares properly tendered and not properly withdrawn).

All shares purchased in the offer will be purchased at the same purchase price regardless of whether the shareholder tendered at a lower price. However, because of the "odd lot" priority, proration and conditional tender provisions described in the Offer to Purchase, it is possible that not all of the shares tendered at or below the purchase price will be purchased if shares having an aggregate purchase price in excess of \$4,000,000,000 are properly tendered at or below the purchase price and not properly withdrawn. No shares tendered above the purchase price will be purchased pursuant to the offer. Shares tendered but not purchased in the offer will be returned to the tendering shareholders at JCI's expense promptly after the expiration date.

In addition, in the event that shares are properly tendered at or below the purchase price (and not properly withdrawn) having an aggregate purchase price of more than \$4,000,000,000, JCI may exercise its right to purchase up to an additional 2% of its outstanding shares without extending the expiration date.

Tenders of shares must be made prior to the expiration of the offer and tenders may be withdrawn at any time prior to the expiration of the offer or, if not previously accepted for payment, after June 28, 2019. Shareholders wishing to tender their shares but (a) whose certificates for their shares are not immediately available to them or cannot be delivered to the depositary prior to the expiration of the offer, (b) who cannot comply with the procedure for book-entry transfer prior to the expiration of the offer or (c) cannot deliver their required documents to the depositary prior to the expiration of the offer, may still tender their shares by complying with the procedures for guaranteed delivery as provided for in the Offer to Purchase and Letter of Transmittal.

While JCI's board of directors has authorized the offer, none of JCI, its board of directors, the dealer managers, the information agent or the depositary for the offer makes any recommendation to shareholders as to whether to tender or refrain from tendering their shares or as to the price or prices at which they might choose to tender their shares. Shareholders must make their own decision as to whether to tender their shares and, if so, how many shares to tender and at what price or prices. Prior to making any decision with respect to the offer, shareholders should read carefully the information in the Offer to Purchase and the related Letter of Transmittal, including the purposes and effects of the offer. Shareholders should discuss whether to tender their shares with their own brokers, if any, and their financial and tax advisors.

The offer materials are being sent to holders of the ordinary shares. Holders may also obtain copies of the offer materials online at the website of the Securities and Exchange Commission at www.sec.gov as exhibits to the Tender Offer Statement on Schedule TO filed by JCI today with the SEC.

JCI is making the tender offer only by, and pursuant to, the terms of the Offer to Purchase and the Letter of Transmittal. Shareholders must make their own decision as to whether to tender their shares and, if so, in what amount and at what price within the specified range to tender. The tender offer is not being made to shareholders in any jurisdiction in which the making or acceptance thereof would not be in compliance with the blue sky or other laws of such jurisdiction. In any jurisdiction in which the blue sky or other laws require the tender offer to be made by a licensed broker or dealer, the tender offer will be deemed to be made on behalf of JCI by the dealer managers, or one or more registered brokers or dealers that are licensed under the laws of such jurisdiction.

JCI is authorized under Article 3(d) of its Articles of Association to effect repurchases of shares as redemptions and any repurchases of shares pursuant to the offer will be effected by redemption (as set forth in the Offer to Purchase).
